Consent Form for participation in the research study:

MathSim: An Interactive Web-Based Mathematics Learning Tool

Principal investigator: *Sandra Jude Oni Idahosa*

NOTE TO RESEARCHER: Amend/delete all text in red as appropriate. The final text should be in black and non-italicised.

Please indicate your consent to participate in this research project by adding your initials in the right-hand column and include your name and signature below. A copy of the completed form will be given to you for your own records.

		Initial below
1.	I have read and understood the associated participant information sheet (or it has been read to me). I have had the opportunity to ask questions about the research study and have had these answered satisfactorily.	
2.	I understand that my participation in this research study is voluntary. I can refuse to answer questions. I can withdraw from the research study at any time without providing a reason and without any detriment to me.	
3.	I agree to have my data securely collected, stored and processed as part of this research under the conditions outlined in the participant information sheet.	
4.	I agree to my *anonymised* data being used for publications and other scholarly means of disseminating the findings from the research project.	
5.	Please choose **one** of the following options: • I agree to my **anonymised** data being used for publications and other scholarly means of disseminating the findings from the research project. **OR** • I agree to my **identifiable** data being used for publications and other scholarly means of disseminating the findings from the research project.	
6.	I understand that my data can only be withdrawn before submission of the online survey, by exiting the browser. Once the survey has been submitted, it will not be possible to withdraw the data as all responses are fully anonymised and cannot be identified.	
7.	I agree to my *anonymised* data being used in future studies of the principal investigator without my further permission.	

		Initial below
8.	I understand that the University may publish appropriately anonymised data in appropriate data repositories for verification purposes and to make it accessible to researchers and other research users.	☐
9.	I consent to take part in the research study *MathSim*	☐
